

Student A

- 1 Look at the picture of a kitchen. Circle the things below that you can see in the room.

bin blinds bookcase chair clock cupboard curtains fridge lamp
light mirror rug shelves sink sofa stool table washing machine

- 2 **SPEAKING** Work in pairs. Describe your rooms to each other and ask and answer questions. Try and find eight differences.

Student B

- 1 Look at the picture of a kitchen. Circle the things below that you can see in the room.

bin blinds bookcase chair clock cupboard curtains dishwasher
fridge lamp light mirror rug shelves sink sofa stool table

- 2 **SPEAKING** Work in pairs. Describe your rooms to each other and ask and answer questions. Try and find eight differences.

9 Vocabulary Review

Aims: To review and practise vocabulary from the unit. This can be completed when students have finished the unit.

Time: 15–20 minutes

Materials: 1 handout for each pair of students, cut in half

- Divide students into pairs and give each student the correct half of the handout face down. Explain that students must not look at each other's handout.
- Tell them to turn over the handout and circle the things that they can see in their room, but don't check the answers with the whole class at this stage.
- Then tell students that they need to work together and ask and answer questions to find eight differences in their pictures.
- With a **weaker class**, elicit some of the questions that they will need to ask.
- Set a time limit for the game. Ask students to put their hands up when they have found all the differences.
- Award a point for every difference a student finds, but tell students you will take away a point every time you hear a pair speaking their first language.
- At the end of the activity, check the differences with the class.

KEY

- 1 In picture A there are blinds at the window; in picture B there are curtains.
- 2 In picture A there is a washing machine; in picture B there is a dishwasher.
- 3 In picture B there is a (rubbish) bin next to the sink; in picture A there isn't.
